

Proposed value additions at site

- We have already registered with APEEDA and propose to seek approval for pack-house.
- We propose to set shortly Ripening Chambers for fruits like mangos, bananas and papayas.
- The site is identified as Collection Center (fruits & vegetables) to facilitate exporters / retailers to procure fresh vegetables grown in poly-houses / farms (organic certified) identified by our core team for domestic and export market.

We assure you our best services and look forward to a fruitful relationship.

Make your products last longer

Saastha Warehousing Limited is an Integrated Cold Chain Project approved by the Ministry of Food Processing Industry, Govt. of India. We hold a valid license issued by FDA, FSSAI, Maharashtra State Pollution Board and secured the requisite approvals from the State Government authorities.

Our services include commercial refrigeration for all food products. Our facility includes 16 chambers with a capacity of 10,000 MT with an assured protection against ammonia contamination risk.

Location

We are located at **Bhingar village, Panvel Taluka, Raigad District** on NH-4 (old Mumbai Pune Highway). It is a strategic location having proximity to JNPT (30 kms), Mumbai Airport (50 kms), Mumbai - Pune Express Highway (1 km) and APMC, Vashi (25 kms).

Facilities

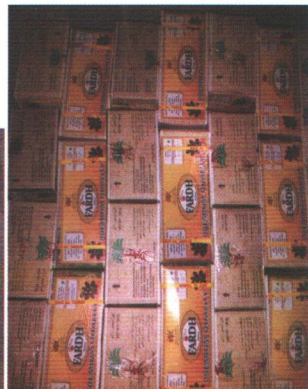

- 16 Cold chambers with a capacity of 10,000 MT
- Preservation at temperatures between 0 to 25 degree Celsius

- Full generator back-up to safeguard quality of products
- Imported electronic weight sizer to sort and grade fruits and vegetables
- Controlled Atmosphere (CA) chambers
- Agro products repackaging

Other salient features at the facility

- Operations on all days (10:00 a.m. to 10:00 p.m.), except National Holidays
- 24 x7 security
- Regular pest & rodent control
- Use of electric fork lift and hydraulic hand trollies for material handling
- Comprehensive insurance cover for the structure and the plant machinery
- Temperature monitoring at regular intervals for all rooms through data loggers
- Specific chamber temperature mopping possible

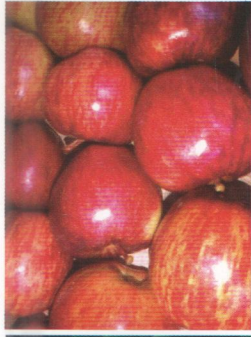

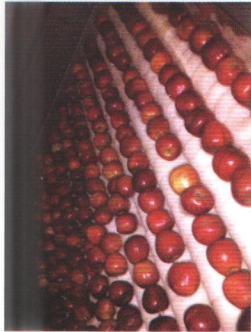

Services

Preservation

We help you preserve imported and domestic fruits, all types of pulses, dry fruits, spices, wet dates, fruit pulp, vegetable and fruit powder and medicinal products.

Sorting and grading facility

Our imported equipments mechanically remove dust, soil and other impurities from fruits and vegetables. The electronic weight sizer helps in grading of fruits as per the weight.

Waxing

We also provide waxing of fruits. A layer of wax is mechanically applied on fruits to maintain its desirable characteristics and induce shining.

Importer Services

We handle bulk cargo - Agri. Produce - Unloading, packing, stitching and preservation.

Exporter Services

Exporters can avail facilities for stuffing / crossing of cargo in containers, subject to permission issued by the competent authorities (to be acquired by the exporter).
